

**BECOME A MEMBER  
OF THE *AU CŒUR DU NIGER* ASSOCIATION**

---

This form provides you with membership to the *Au Cœur du Niger* Association.

**Your 50 CHF minimum annual pledge will sustain the capacity of the Association to assist street children and child-mothers through a range of activities and projects.**

As of September 30, 2014, 110 street girls (5-16 years), 28 street boys (4-9 years), 6 child-mothers (14-19 years), and 15 young married girls (15-17 years) enrolled in the school of 'second chances'! Our main activity on-site is to provide them with a full scholastic education following the national curriculum, to provide regular meals and medical care, to organise food distribution of corn, salt, onions, and soap every four months, and to shield them from the dangers of the street. The child-mothers and oldest girls make soap, and receive lessons in sewing, knitting, embroidery, and cooking. A staff of 24 local workers is employed at the boys' school and the new 'Après-demain' Welcome and Education Centre for girls and child-mothers.

Child sponsorship is another way you can support street girls and child-mothers; your sponsored child is personally supervised onsite by Isabelle ([www.aucoeurduniger.ch](http://www.aucoeurduniger.ch)).
